WHOLESALE PRICE LIST

# Perennials and Rock Plants

## For Lining-Out and Potting

Prices: \$1.50 per 100, postpaid, not less than 25 of a kind. \$8.00 per 1,000, express collect, 250 at 1,000 rate, 50 or more of a kind.

The above prices apply to all of the following except those in another section at different prices.

Strong, field-grown plants and divisions for potting and lining-out. We are specializing in this class of plants. Our strong, sturdy, field-grown plants are stocky, well rooted and healthy. Our liberal divisions are well rooted and clean. You will find our stock true to name and of good quality, carefully labeled.

All plants are graded, carefully packed with proper moisture, uniform number in package, packed straight, easy to handle, ready for business—potting, lining out, or immediate sale. We have customers who handle this stock for sale right off the counter. Other stake orders and deliver on arrival. We have had great success in pleasing our customers. All plants are dug fresh for each sale. We guarantee satisfaction.

[If order is to be sent prepaid, please]  
[state if you have an Express Office]

### HARDY FIELD-GROWN PLANTS AND DIVISIONS SEE PRICES ABOVE.

#### ACHILLEA—

- 50.—Minifolium Roseum. 18 ins. Bright pink everblooming. Effective on edge of shubbery or in border. aDinty foliage.

#### AGERATUM—

- 67.—Colestinum. 2 feet. A grand fall blooming variety. Fine for cutting. Lavender blue. Will grow anywhere.

#### AGROSTEMMA—

- 1411.—Coronaria Mixed. 2½ ft. A good mixture of red, white and violet showy flowers. Silvery foliage. Constant bloomer. Fine for cutting and borders.

#### ANCHUSA—

- 1323.—Italica Dropmore. 4 feet. A tall, branching plant with many large, rich, clear blue Forget-Me-Not-like flowers. Very showy.

#### ANTHEMIS—

- 79.—Kelwayii. 12 ins. Daisy-like. Lemon yellow. Handsome foliage. SSSucceeds in poor soil. Good for cutting. Excellent for rocks.

#### ARTEMISIA—

- 89.—Border Mist. 10 ins. A grand border plant. Finely cut silvery foliage. Very distinct.  
91.—Lactiflora. 30 ins. An excellent flowering variety. Cream colored heads. Very fragrant.

#### BAPTISIA—

- 122.—Australis. Height 3 ft. Beautiful foliage. Large spikes of deep blue lupine-like flowers. A grand cut flower.

#### BOLTONIA—

- 111.—Latisquama. 3 ft. Lavender, tinted pink. Small, daisy-like flowers.

#### CALLIOPSIS—BI-ENNIAL—

Easily grown and showy. Succeeds in almost any location and soil. Blooms continuously from early summer until frost. Very decorative. The tall varieties are fine for cutting. The Tom Thumb are grand for borders and rockeries.

- 1334.—Coronata Maxima or Crown of Gold. 20 ins. Pure golden yellow. 2-inch blossoms. Long, wirey stems.  
1337.—Golden Wave. 2 feet. Yellow with circle of crimson brown around the eye.  
1338.—Tinctoria. 2½ ft. A truly magnificent variety. Large, showy blooms. Rich mahogany brown center and brilliant golden yellow tips.  
1339.—Golden Crest. Semi-double. 20 ins. Rich, golden yellow with redding brown zone. Flowers 2½ to 3 ins. Mammoth size. Fine for cutting.  
1335.—Crimson King—Tom Thumb type. 8 ins. Forms a perfect little bush with rich, velvety, crimson flowers. Ideal.  
1336.—Tigrina or Tiger Star—Tom Thumb type. 9 ins. Reddish brown petals, spotted and blotched with yellow; very choice.  
1340.—The Sulton. Tom Thumb type. 10 ins. Rich, crimson maroon.

#### CANDYTUFT OR IBERIS.—PERENNIAL—

- 213.—Gibraltirica. Height 8 ins. Evergreen foliage covered by dense heads of lilac-colored blossoms.  
215.—Queen of Italy. 10 ins. Dwarf, evergreen foliage covered with large pink blossoms.

#### CARNATIONS—GRENARDIN—

A good size, mainly double, extremely hardy type. Excellent for rockery and good stiff stems for cut flowers.

- 144.—Grenadin Double. Rose pink.  
145.—Grenadin Double. Light salmon.  
148.—Grenadin Double. Dwarf red.  
150.—Grenadin Double. White.  
156.—Hardy Border Mixed. 20 ins. A good hardy strain producing a mass of flowers in a great variety of colors. Good for cutting.  
157.—Perpetual or Tree. Mixed. 18 ins. Large, double, fragrant flowers in many fine colors. Ideal for gardens. Does well in pots. One of the best for greenhouse culture.  
168.—Chabaud Improved. Mixed. 18 ins. Handsome, double, clove-scented flowers of extra large size. Ideal for cutting.

#### CERASTIUM OR SNOW IN SUMMER—

- 1416.—Tomentosa. 6 ins. A creeping mat-like plant with attractive, silvery white foliage, and masses of pure white star shaped flowers. Easily grown. Good rock plant.

#### COREOPSIS—

- 1279.—Grandiflora Double. 30 ins. A good cut flower. Large, bright yellow blossoms. Long, wiry, leafless stems.  
1281.—Auricula Superba. Single, 3-inch flowers of deep golden yellow with a serrated band of brownish red enriching the golden disk. Large and attractive.  
1282.—Mayleld Giant. A strong grower with large, well-formed blossoms. Brilliant, golden yellow. Gorgeous in effect. As a cut flower it has few equals.  
1283.—Double New Gold or Sunburst. The flowers are large and fluffy, of a rich golden yellow with long stems.

#### DIANTHUS PLUMARIES OR GRASS PINKS—

A grand and useful class of plants. Brilliantly colored and pastel flowers for beds, borders, rockeries, edgings and cutting. These dwarf plants are free blooming and produce flowers of different forms 1 to 2 inches across. Easy culture. Succeeds in all soils.

- 290.—Giant Double Clove. Mixed. 12 ins. Brilliant, double blossom with spicy fragrance. One of the best for cutting. Known and grown everywhere.  
291.—Caesias Splendens. 6 ins. Rose shades. Very dwarf. Fragrant. Makes beautiful clumps. Ideal for borders and rocks.  
292.—Single Clove or Pleasant Eye. 10 ins. Large, single blossoms in showy colors. Very fragrant.  
293.—Semperflorens or Florists' Perpetual Everblooming. Double and semi-double. Mixed colors. Gives a long season of bloom.  
294.—Highland Rose. Hybrids. Lovely, single flowers. Rich fragrance. Bright rose with zone of deep rosy red.  
299.—Allwoodl Alpinus. A lovely rock plant. Glossy leaves and large flowers of beautiful shades of rose and pink.  
306.—Spring Beauty. Double, carnation-like blossoms in a beautiful range of colors. Very fragrant.  
310.—Albus Plenus. Double Giant White. This is the old-fashioned, double white cinnamon pink. Very hardy. Long stems. Fine for cutting.  
314.—Scotticus. Double mixed. The finest Scotch type of choicest double flowers.  
315.—Dwarf Double Clove—Nanus Mixed. Same as Giant Double Clove but of very dwarf growth, making it ideal for the rockery and border.

## DIANTHUS SPECIES—

- 300.—Crimson Bedder. 12 ins. Glowing, velvety crimson flowers. Single and semi-double. Fringed.  
303.—Arenarius. Gray foliage and a shower of lacy white flowers delicately tinted with lavender, on neat clumps.  
304.—Cruentus. Valuable in the border with its clusters of deep red flowers on 15-inch stems.  
311.—Deltoides Rose. 8 ins. Rose pink blossoms carried above fine, feathery foliage. A rock gem.  
313.—Deltoides. White. Same as above except white blossoms. Ideal for contrast.  
316.—Sweet Wivelsfield. Single mixed. 12 ins. A hybrid pink. A profusion of blossoms in a great variety of brilliant colors and markings.  
317.—Sweet Wivelsfield—Double Mixed. Same as the above with double, showy blossoms.  
318.—Latifolius. Double mixed. 12 ins. Double flowers in shades of purple, violet, rose and red.  
319.—Latifolius—Double Scarlet. Same as above in brilliant red shades.  
273.—Delight—China type. 9 ins. New. A very attractive, large, single flower in a bewildering range of colors from lightest pink through salmon and red, to deepest purple.  
274.—Laciniatus Splendens. Large, single flowers 2 inches across. Brilliant crimson with a large, boldly contrasting white eye. Attracts attention.

## GAILLARDIAS —

- 477.—Grandiflora. 20 ins. Fine, showy variety. Mahogany and yellow. One of the best. Fine for cutting.  
478.—The Dazzler. 20 ins. Immense orange and red blossoms. Excellent.  
479.—Sunset Giant, charming flowers of rich golden yellow.  
480.—Portola Hybrids—Giant, bronzy scarlet flowers heavily tipped with golden yellow.  
481.—Superba. A choice strain with a blended mixture of colors running from a deep orange through red and yellow to light straw. One of the best.

## GLOBE THISTLE—

- 488.—Sphaericephalus. 3 ft. Prolific, stately. Light blue balls.

## GRASSES—

- 444.—Festuca Glaucia. 10 ins. Dwarf. Ornamented with distinct blue green foliage. A gem for the border or rockery.  
445.—Phalaris Arundinacea. 12 ins. A creeping ribbon grass. Very ornamental. Beautifully striped—green and white.  
446.—Phalaris Arundinacea Erecta. Another rock garden variety, but has yellow stripes instead of white and of a more bunchy type than 445.  
451.—Zebra. 6 feet. Yellow stripes across the leaf. An attractive specimen plant. Silvery plume.  
448.—Eulalia Gracmillis. 5 ft. An ideal grass for high borders or specimen clumps. Graceful habits, with narrow green leaves with a silvery mid-rib. Fine plumes.

## GYPSOPHILO—

- 1356.—Repens. White. A fine dwarf, 6 ins. high, that is a mass of white.  
1357.—Manginii. 2 feet. A splendid florists cut flower. Strong growing pink Baby Breach.

## HEMEROCALLIS—

- 511.—Fulva. 3 ft. Cappery orange, shaded red. One of the most popular and showy of the Hemerocallis. Grand for extensive borders and massing.

## HIBISCUS—Mallow Marvels.

- Height 4 ft. New, giant flowering type. Wonderfully improved. Gorgeous in effect. 10-inch blossoms.  
587.—Rose. A beauty.  
588.—Red. Gorgeous.  
589.—White, with red eye.

## HOLLYHOCKS—

- 564.—Giant Double Mixed. Chaters strain.  
563.—Single Mixed. Bright clear colors.

## LATHYRUS—PERENNIAL SWEET PEA—

Colorful climber and trailer for rock walls and fences, blooming the early part of the summer.

- 653.—Pink Beauty.  
654.—Red Beauty.  
655.—White Pearl.  
656.—Fancy Mixed.

## LYTHRUM—

- 642.—Roseum Superbum. 3 ft. A grand shrub perennial. Long spikes of purplish rose are produced in profusion. Hold well after cutting.

## MUSCARI OR GRAPE HYACINTH—

- 1257.—Botryoides Coeruleum. Blue. Fragrant. Fine for rockery.

## PARDANTHUS—BLACKBERRY LILY—

- 719.—Chinensis—Orange colored. Spotted. 24-inch stem. A lovely, old-fashioned flower.

## PHYSOSTEGIA—

- 796.—Vivid Grandiflora. 20 ins. The flowers are larger and they last a long time when cut. Branching stalks producing heavy bloom. Bright, rosy violet.  
797.—Virginica Rosea. 3 feet. Long-spiked, Delicate pink.  
798.—Virginica Alba. 30 ins. Very fine. Pure white.

## PYRETHRUM OR PAINTED DAISIES—

- 807.—Roseum Mixed. 20 ins. Long stem. Fine for cutting.

## RUDBECKIA—

- 862.—Purpurea. 30 ins. Most attractive wine-colored flowers. A hardy border plant and good cut flower.

## SALVIA—

- 939.—Azurea. 3 ft. Lovely, light blue flowers in great profusion.

## SANTOLINA—

- 873.—Chamaecyparissus. 10 ins. A sweet-smelling, dwarf evergreen with silvery white foliage. A useful border and rock plant. A great plant for the landscaper.

## SAPONARIA—

- 906.—Ocymoides Splendens. 4 ins. Bright, rosy pink. Short, stubby, trailing vine. Fine for rockery.

## SCABIOSA—BI-ENNIAL GRANDIFLORA—

Large flowering type. A great favorite, comes into bloom early continuing throughout the season. The dainty blossoms noted for their exquisite shades are borne on long stems. When cut they keep in perfect condition for a long time. They make effective borders or beds and no garden is complete without Scabiosa—especially where flowers are wanted for cutting.

- 1389.—Blue Cockade. New. Deep azure blue.  
1390.—White Shasta. Unusually effective and beautiful.  
1391.—Peach Blossom. Lovely pink shade.  
1392.—Cattleya. Rich, rosy lilac of the beautiful orchid tone.  
1393.—Loveliness. A charming shade of salmon rose.  
1394.—Rose pink. Showy bright blossoms.  
1395.—Fire King. Rich, bright red.  
1396.—King of the Blacks. Velvety black purple.

## SILENE—

- 895.—Orientalis. 20 ins. Bright rose. Phlox-like heads. Good for cutting.

## SWEET WILLIAMS—THE GRAND, OLD-FASHIONED FLOWER—

- 1293.—White Beauty.  
1294.—Purple Beauty.  
1295.—Double Mixed.  
1297.—Single Mixed.

## TRADESCANTIA—

- 1038.—Virginica. 15 ins. We offer a greatly improved strain of this variety. Much larger flowers and clearer, brighter blue. Tradescantia will grow in cool, shady places where other plants fail.

**TRITOMA OR RED HOT POKER—**

1070.—Giant Mixed. A mixture of yellow, coral and orange shades.

**TUNICA—**

1367.—Saxifragi. Dainty, dwarf, grassy plants with light pink flowers.

**VERBASCUM—**

1274.—Harkness Hybrids. 5 ft. A vigorous plant with handsome, stately spikes of pure yellow flowers.

**VERBENA—HARDY PERENNIAL—**

1150.—Venosa. 12 ins. Rosy lavender. Unusually hardy. Fine to cover banks and graves. Also for bedding.

**VERONICA—**

1100.—Elegana. 10 ins. A beautiful, little, hardy evergreen plant. Dwarf. Spikes of soft pink blossoms.

**VINCA OR TRAILING MYRTLE—**

1137.—Major. This very desirable plant is little known. It differs from Vinca Minor in that it makes a low upright bush 10 to 12 ins. high with semi-vines branching out from the top. A very strong grower, larger leaves and blossoms—almost as large again in the same dainty, lavender blue. This plant will grow in full shade where such a plant is desired for border lines and circle beds massed under trees, etc. A very showy evergreen plant. Succeeds in sunny locations.

**VIOLETS—**

116.—Spring Beauty or Confederate. This variety is well known in some localities, and is fine for the rock garden. One of the first to appear in the spring with its large, showy white blossoms with pale blue centers. It is an extra strong grower, very hardy, and once established, takes care of itself.

**WALLFLOWERS—**

An old-time favorite garden flower. Is appreciated for its wonderful fragrance.

1246.—Golden Gem. Dainty, golden, fragrant flowers.

1248.—Blood Red. Large. Very showy.

1249.—Cloth of Gold. Bright yellow.

1250.—Fire King. Vivid orange.

1251.—Primrose Queen. A beauty.

1252.—Single Finest Mixed. Cream, yellow, brown, red and mahogany are the main colors. Very sweet-scented flowers are borne in profusion.

1253.—Double Early Wonder. Mixed. Canary, gold, brown and mahogany are the predominating colors. The spikes of flowers resemble stocks.

1254.—Parisian Mixed. The large, single, yellow, fragrant blooms are produced quickly and profusely.

**AT DIFFERENT PRICES**

Quantities and regulations same as \$8.00 stock.

**CENTAUREA OR PERENNIAL CORNFLOWER. \$1.50 per 100, prepaid.**

\$10.00 per 1000, express collect. 250 at 1000 rate.

Centaurea is used for borders, pots, baskets and the rock garden. Extremely hardy. Good for cutting. Of easy culture.

1433.—Dealbata. 18 ins. Large and striking rose-pink flowers. Attractive foliage.

1434.—Montana. Large, deep blue flowers. Very attractive.

1435.—Alba. White. Same as above with white flowers.

**CHRYSANTHEMUMS—\$1.50 per 100, prepaid. \$10.00 per 1000, express collect. 250 at 1000 rate.**

1193.—Vivid. Double. Medium size. Rosy crimson. Very striking.

1196.—Autumn Beauty. Giant, large double. Soft orchid-lavender tint.

1208.—Foxes Beauty. Soft yellow. Daisy-like blossoms. Very showy.

1209.—Pink Cushion. A very dwarf, neat growing plant, hardy type. Is literally covered with double pink flowers. Grand for borders, and as a pot plant.

1212.—Bright Eyes. White, tinted pink. Double. Medium size.

**DAISIES—SHASTA—\$1.50 per 100, prepaid. \$10.00 per 1000, express collect. 250 at 1000 rate.**

324.—Wistralia. 36 ins. Giant, white blossoms. Excellent for cutting.

325.—Mrs. C. Lothian Bell. Very large. Continuous bloomer.

326.—Hartje and Elder. 20 ins. Dwarf. Early. Good for cutting. For rocks and borders. Dainty foliage. Neat clumps.

333.—Leucanthemum Davisii. 20 ins. Very early variety, free blooming, large stems. Fine for cutting.

337.—Maximum. 24 ins. A grand, large blooming variety. Extra strong and healthy. Blooms after others are gone.

345.—Conqueror. 3 ft. Of the giant, large flowering type.

342.—Supreme. \$2.00 per 100, prepaid. \$15.00—1000, express collect. 250 at 1000 rate. The grandest, hardy, large, early Shasta that is available. Giant, glistening white blossoms.

**LIRIOPE—\$3.00 per 100, postpaid. \$2.50 per 100, express collect.**

664.—20 ins. This is rather a new and rare plant, somewhat like the lily in growth. Is a very fine and stately plant. Has long, slender green leaves and spikes of lavender flowers during the summer. Grows very easily. Will thrive in half shade. Ideal for landscapers.

**LOBELIA—Perennial. Strong, blooming stock. \$2.50 per 100, prepaid. \$2.00 per 100, express collect.**

1268.—Cardinalis. 30 ins. Handsome border plant. Strong plants often produce 10 to 18 spikes of rich cardinal red flowers. They are very effective. Also a good pot plant.

**NIEREMBERGIA—1 year clumps. \$5.00 per 100. 25 at 100 rate.**

698.—Veitchi. A real gem for the rockery or border. Its resistance to heat and its profuse blooming make it an ideal plant for dry spots or banks. It forms an attractive mound-shaped clump of feathery foliage which is literally covered with white blossoms with a tint of blue. Very dainty. Hardy south of Tennessee.

**PHLOX SUBULATA OR THRIFT—**

Phlox Subulata is one of the greatest rock, border and cover plants we know of. With its many different types and colors, there is a wealth of beauty to be had in the early spring when most plants are dormant. Its hardness and adaptability are unequalled. Has pretty moss-like, evergreen foliage. Is covered with dainty blossoms. Its brightness attracts everyone.

**NOTICE: The two following varieties at \$1.50 per 100, postpaid. \$6.00 per 1000, express collect. 250 at 1000 rate.**

994.—Rosea. 6 ins. This grand variety still holds its own as a standard variety, outstanding in its hardness, strong growing, profuse blooming and attractiveness. Rose pink.

995.—Liacina. Another strong grower, a creeping variety. Lavender blue blossoms. Dainty foliage.

**NOTICE: The seven following varieties at \$1.50 per 100, prepaid. \$8.50 per 1000, express collect. 250 at 1000 rate.**

996.—Vivid. A gem for the rockery. Uniform in habit. Makes compact, neat clumps which are profusely covered with bright pink flowers.

1003.—Maculata Alpha or Sweet Williams Phlox. A prolific bloomer. More or less an everblooming variety. Bright pink flowers.

1006.—Atropurpurea or Brilliant. A distinct form. Free bloomer. Strong grower. A rich wine-red.

1008.—G. W. Wilson. A lovely rock plant of soft lavender. One of the first to bloom.

1010.—Fairy. Pale blue with a dark blue eye. A dainty rock plant. Good grower.

1011.—Moerheimii. A hardy, quick growing variety, is highly recommended. Color is a beautiful carmine-pink.

1015.—Perfection. An extra strong grower, covering itself with beautiful pink blossoms.

ALSO 1 year clumps of Rosea—994—at \$4.00 per 100. 25 at 100 rate.

**STOKESIA—\$1.50 per 100, prepaid. \$10.00 per 1000, express collect. 250 at 1000 rate.**

983.—Cyanea. 15 ins. Beautiful, light blue flowers. Stiff stems. Lovely for cutting or for borders. An excellent hardy plant.
